PROPER WEARING OF PNP - SOSIA PATCH IN PRIVATE SECURITY PERSONNEL UNIFORM

FEB 04 2020

1. References:

- a. The 2003 IRR of RA 5487, as amended;
- b. The Private Security Personnel Uniform and Equipment Board (PSPUEB) Resolution No. 2016-001 dated January 26, 2016 re: "Prescribing the Proper Placement and other Accoutrements and the New "PNP SOSIA Logo" Patch in the Security Guard Uniform;
- c. Observations of the various Inspection Teams from SOSIA and the RCSUs re different make of SOSIA patches; and
- d. Clamor of some PSSPs to wear more durable SOSIA patch than what is provided under ref 1b above.

2. It has been observed that there had been different makes of the SOSIA patch worn by private security personnel. This had even resulted to the imposition of administrative penalties (improper wearing of uniform) to some security personnel wherein these personnel wore the allegedly much more durable SOSIA patch with interwoven twining.

3. Henceforth, the interwoven SOSIA patch will be the official SOSIA patch as it had been proven that it is more durable than the sublimation patch, provided that the appearance of the official SOSIA patch as shown in the PSPUEB Resolution No. 2016-001 is not altered nor modified.

4. For you information and widest dissemination.

Chief, SOSIA
